LOMA LINDA
UNIVERSITY
HEALTH

Welcome to the 2023 Fine Arts Festival. As you may have noticed, our theme is based on the daffodil, which symbolizes rebirth and new beginnings.

The recent COVID-19 pandemic halted many activities at Loma Linda University Health, including our Fine Arts Festival.

This year, 2023, marks a renewal of the commitment of Loma Linda University Health to the arts on our campuses and in our communities.

Brief History

The Fine Arts Festival was founded by the Loma Linda University Office of Student Affairs in 1973. This year marks the golden anniversary for the multi-day event.

- Michael Spencer
- Brie Wienhoff
- Rita Bender
- Lori Langford
- Larry Kidder
- Jun Israel
- Ron Foo
- Christina Nobriga
- Don Johnson
- LLU Humanities Program

Purpose

For students, faculty, and staff at Loma Linda University Health, the Fine Arts Festival provides an opportunity for artists to exhibit their works and talents, as well as enjoy the works of other artists.

For professional students in a class or clinical setting, the Festival is a reminder of the pleasures, the significance, and the inspiration the fine arts can add to their lives.

For members of the surrounding communities, who may think of Loma Linda University Health only in its educational and healing roles, the Fine Arts Festival displays another side of the Loma Linda campus—a side no less concerned with the human condition, but finding its insights in the artistic perceptions of writers, composers, and artists.

Featured Artist

Martha Cowan

2 p.m.

Portrait Painting Presentation | Martha Cowan, BFA
Loma Linda Art Association members free; non-members \$5 fee
Student Lounge, LLU Drayson Center

Martha Cowan, BFA, celebrated regional artist, says, "I love the shapes and colors of found objects and how they can exist together harmoniously."

As a distinguished artist, Ms. Cowan has exhibited and sold paintings depicting landscapes, portraits, and objects in a still-life setting. Her paintings have been accepted and exhibited at the prestigious California Art Club

Gold Medal Show as well as the western regional and national shows of Oil Painters of America.

She brings expertise gained as a graphic designer into her advanced painting classes at Redlands Art Association and San Juan Capistrano.

She has been a teacher of art design and painting for nearly 40 years and views teaching as a process of learning. Her paintings are represented at the Mission Gallery in San Juan Capistrano as well

the Hillside Fine Art Gallery in Claremont. Ms. Cowan has been the recipient of many awards and featured in several publications.

LLUH Fine Arts Festival 2023 is honored to have Ms. Cowan as our featured artist. Join her on Sunday, April 30, at Drayson Center, as she selects someone in the audience to paint. *Someone* will leave her event with a finished portrait.
